

29<sup>th</sup> August, 2019

**Industrial Visit: NUOS Home Automation**

Under the guidance of the IT Department, the ITSA committee had organized an Industrial Visit for the Third year students of the IT department. The details of the IV are as follows:

- Industry - 'NUOS Home Automation'
- Resource Person - Mr. Neel Savant
- Date - 28<sup>th</sup> August, 2019
- Time - TE IT A 1:00pm onwards  
TE IT B 10:30am onwards
- Venue - NUOS Home Automation Centre, Bandra (E), Mumbai.
- Total number of Participants - 75 students and 2 teachers

NUOS is a startup venture which makes **IoT** products which offer solutions that are beyond smart. Products that actually think for themselves. NUOS is an offering born out of that drive. Their holistic home and office automation solutions are thoughtful and intuitive. It is a team of 10, driven engineers headed by founder **Neil Savant**. Mr. Neil Savant has completed his Masters in Engineering from The Ohio State University. He worked for 4 years in the U.S.A.

The IV focused on the following key points:

- Demonstration of the applications of IoT in day to day life.
- Opportunities for startups in the current market
- Skillset requirements for starting a venture.
- Components and machines for home automation.
- Use of Home automation for security system and purposes.

Students learnt how to implement their knowledge in IoT in day to day life for facilitation of daily chores or lifestyle. They also learnt about the hurdles and difficulties faced while starting their own startup venture. The industrial visit was well appreciated by the students present. A small token of appreciation was given to Mr. Neil Savant which consisted of a college calendar and a pen.
